**THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

At PhysioCare Physical Therapy Centers, we are committed to treating and using protected health information about you responsibly. This Notice of Privacy Practices describes the personal information we collect, and how and when we use or disclose that information. It also describes your rights as they relate to your protected health information. This Notice is effective April 25, 2003 and applies to all protected health information as defined by federal regulations.

### **UNDERSTANDING YOUR HEALTH RECORD**

Each time you visit our practice, a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment, and a plan for future care or treatment. This information, often referred to as your health or medical record, serves as a:

- Basis for planning your care and treatment,
- Means of communication among the many health professionals who contribute to your care,
- Legal documentation describing the care you received,
- Means by which you or a third-party payer can verify that services billed were actually provided,
- Tool in educating health professionals,
- Source of information for public health officials charged to improve the health of the state and nation,
- Source of data for our planning, and
- Tool by which we can assess and continually work to improve the care we render and outcomes we achieve.

Understanding what is in your record and how your health information is used helps to ensure its accuracy, better understand who, what, when, where, and why others may access your health information, and make more informed decisions when authorizing disclosure to others.
